### LIBERTY BELL REPLICA TO VISIT HERE

above is the full-size exact duplicate of the Liberty Bell which will be displayed locally and will tour the state as the symbol of the Independence Savings Bonds Drive from May 15 to July 4, which urges the people to "Save for your Independence."

Fifty-two of these bells, touring the nation during the drive, were completely donated by America's copper producers. Companies donating the Liberty Bells are the Anaconda Copper Corp.; Phelps-Dodge Corp.; American Smelting and Refining Co.; The American Metal Co. Ltd.; Miami Copper Co. The U. S. Steel Corp's American Bridge Company supplied the stays and hardware used in mounting the bells. The Ford Motor Company is providing the transportation of these belis across the nation.

### GOULD TRACKSTERS COUNTY CHAMPS IN IN SATURDAY MEET The Gould Academy thinclads

came through with their best performance of the year as they again walked off with the Oxford County trophy. The meet was expected to be much closer than the results showed. Gould won the 100 yd. dash, the 220, the shot put, the Javelin, the mile, and a tie for first with Mexico in the pole vault. There were two double winners in Klain of Gould (220 and 100 yd. dashes) and Brown of Fryeburg (broad jump andd 440).

Gould scored 63 points with Rifmford the closest competitor with 38's points Fryeburs Academy was third with 3012 and Mexico fourth with 10 pts.

Mile-Tie for first between Chadbourne and Ferguson, Gould; third, Clark (R); fourth, Gallant, (M). Time 4:56.

### Sound Mind Makes a Sound Body

TODAY'S PIECE is inspired by a woman who lives in Flushing. New York, and who requests that we use only her initials, L. B. Mrs. L. B.'s husband has been ill a long time, not down and but always feeling bad. Eventually he developed nervous indigestion (Which usually comes from worry.)

Month after month he frequented the doctors' offices, trying first one and then the other. He got no better; if anything, he was consistently getting worse. Finally, he consulted a chiropractor who gave him treatments for a couple of months. But still there was no improvement in his condition. Yes, he could see that he was not only not improving, he was steadily becoming a chronic in-

cult to do for he was like the proverbial drowning man grasping for a straw. He was sick of being sick! What particular thought do you think carried through for Mr. L. B? Just this: To live one day at a time, and not to worry about the past nor to take heed for the future.

persuaded her husband to read them. This wasn't diffi-

Why, when he started that course," says Mrs. L. H. "he at once began to improve. He became less nervous, he discarded the idea newly developed that he must have heart trouble, and he even enjoyed playing with our six-year-old son whose noise and activities so recently had unnerved him."

"In an amazingly short time my husband was completely cured. I hope our experience may help some of your readers whose trouble, though maybe unknown to them, is purely mental. We have found to our great benefit that when the mental attitode is right little will go wrong with the physical self."

President Teumon.

These two instale the coniroversial Ro. is which would have abolished the office of general counsel in the national labor relations board as set un by the Tall Hartley net and plan 17 which shifts from grmeral recoirce administration to the handles and bome Pincore Agency the administrator of ald to the state and foral goveruments in advance plausing of public works. Who brought this incredible

jority to congress next November.

That congress would obviously have to be Republican-but It is America we must vote for new matter what the name of the party we elect. With a check on the administration by an economy conscious congress. we might yet win this war: and if we can just once show the world that we can out general the Reds, communism will sereash lisch,

Associate Editor. Parents Magazine

\*. «UU SAVE UP for Janle's - music lessons and begrudge fom the money for an old car he can take apart and put together again? And do you listen sympath-stically to Janie's missed notes on the plano or screechy tones on the violin, but scold Tom for greasy linger prints on door knobs and the black-rimmed wash basin after a bout of tinkering with his car?

What are we getting at?

Simply that Tom's mechanical apilitude is as deserving of your, support as his sister's yearnings to become a musician, In our present civilization, the technician and the skilled mechanic make our complicated living possible. So instead of trying to turn such a talent into a professional or scholarly groove, it should be developed from childhood. For mechanically minded children, like those who are musical or are gifted in painting or writing, lay the foundation of their interests and training at home, How do you recognize a mechanical turn to your child's mind? He will want to build and take apart and put together. If he is given construction toys, simple at first and more elaborate later on, much of this need will be met. If he lacks play materials that satisfy

When he is old enough to handle tools with reasonable care he should have good ones not filmsy toys that frustrate him by breaking at a crucial

his curiosity about what makes the

wheels go round, watch out for the

family clock, or your toaster or

vacuum cleaner!

moment in an experiment. And a work bench with some space of his own is a must for the inventive young mechanic Having his own tools and a place to keep them is the only way to encourage orderliness. This is important, for if your son makes a career in mechanics he will have to be next-a sloppy worker doesn't rate very high in a busy plant.

CONRAD

EDWARDS

Another trait to encourage is the ibility to accept failure as a lesson in what not to do. Not all experiments work out, but even the busts can teach valuable lessons if the child is able to rise above his disappointment. So don't be too critical because of wasted materials, nor too sympathetic either. Just be interested and help the puzzled experimenter figure out why he didn't succeed this time. A good foundation in arith-

mello is a prerequisite for a career in mechanical engineering. Mathematics isn't likely to be too hard a subject for a child with a genuine mechanical turn, but in the course of his grade school work he may encounter a poor teacher or two. It is well to be prepared to give some help at home, either parental or a little tutoring, so there won't be weak spois in his skill with figures. Later on, when school courses in shop are available, make it your business to consult with the vocational adviser—both to insure that your child elects the most useful ones, and also to keep him from neglecting the cultural side of his

Michel Hope of Gods Educion Lesson: Micab 4: 1-5; 5: 2-4; 7:

Mimory Selection: Micab 7: 18

MICAH first gives us a view of the conquering church, to and nations shall learn of war no more. This prophecy is similar to one by Issiah. Did Micah copy from Issiah, or Issiah from Micah? Or did both copy from an older prophecy? We do not know.

War having been done away, men shall be free to develop the afts of peace and the cultivation of brotherhood, under the name and blessing of Jehovah. This is a beauliful picture of a warless worlda picture often seen in the imaginstion of men, but not yet realized.

The coming of Jasus of Nazareth. it was prophesied, would have much to contribute to the realization of peace. The reader may remember that Micah 5:2 was quoted by the Jewish authorities when they were asked by Herod where Christ should be born, according to proph-

The closing parties of the lesion deals with the beauty of God's forgiving love. Upon his repentant children God will have compassion, and he will cost their sins toto the depths of the sea, So Micah hopes for salvation from God. even unto the ultermost. May we find parden at his right hand and grace to help in time of need.

### BETHEL A. C. WINS OPENER -Batter Virginia, 11-5

With Pete Baker and "Cad" Ben- 10 YEARS AGO nett leading the slugging with a game of the year on Memorial Day afternoon.

After pitching shut-out ball for the first three frames, Archie 20 YEARS AGO Young payed the way for his own downfall with a base on balls, an infield hit and a home run in the lourth inning. Rudy Belanger relieved Young to strike out one bateman and he in turn retired in favor of Pete Baker who obtained the final outs of the inning. When the invaders were finally relired they had pushed across their ntire run total of the game, five.

The AC's scored their final runs n the fifth on two Virginia errors nd three bits to score four times. Bethel will play a return game on Sunday, at 2:00 p. m. at Virginia. Bethel A. C.
